6th International Symposium on “Exploring New Science by Bridging Particle-Matter Hierarchy”

Dec. 13-15, 2007, Sendai

Dear colleagues,

On behalf of the organizing committee, we are pleased to inform that 6 th international conference on “Exploring New Science by Bridging Particle–Matter Hierarchy” will be held from Dec. 13 morning to Dec. 15 morning in Aoba–yama Campas, graduate school of science, Tohoku University, Sendai, Japan. This is the last international conference held in our COE program. There will be invited talks by prominent scientists in physics, mathematics and astronomy as well as poster session by young scientists in our COE. We would like to invite all of you who are interested in creating new research area extended over physics, mathematics and astronomy.
